ASTRONOMY #1 - Space Probe Mini-Poster

Select a probe from the list below (or find one on your own). Create a display to illustrate and explain the purpose of your probe for our Space Display.

You need must include the following information:

- Name of the probe
- Date of launch
- Picture of the probe
- Destination of the probe
- Nationality (who built the probe)
- Purpose (what was the probe sent to do)
- Cost of probe
- Status of probe (has it reached its destination, was it successful, what did it discover)
